INDUSTRY SERVING

“The Singapore Institute of Architects (SIA) would like to extend our heartfelt commendation to the organizers of the FIND Design Fair Asia. As a supporting partner, we are delighted to express our collaboration in this successful event.

The FIND Design Fair Asia has become a platform for the architecture and design community, providing an inspiring space for professionals, enthusiasts, and industry leaders to converge. The range of exhibitors, thought-provoking presentations, and engaging discussions showcased the current trends in architecture and design. SIA is honoured to have played a role in supporting this event.”

Melvin Sia, President, Singapore Institute of Architects (SIA)

BUSINESS FOCUSED

“The experience was still fresh and new. It is different with the crowd this year. We are quite satisfied with the people who came to visit us, and we hope to be able to come back again next year.”

Glen Tew, Managing Director, T1 Glass

IMPACT NETWORKING

“FIND Design Art Fair was an invaluable platform for us. It was a distinct honour to speak in the mesmerizing structure designed by Mamou-Mani. The architecture set the perfect atmosphere for meaningful dialogue and creative exchange. Thank you for all the great content FIND has provided and for this magnificent opportunity.”

Audrey Yeo, President, Art Galleries Association Singapore (AGAS)

Just wrapped up an incredible weekend at the **FIND - Design Fair Asia 2023** in Singapore, and felt so inspired by the knowledge gained about biophilic design and sustainability! 🌿🏡

The fair was a deep dive into the world of design that looks good and does good for our planet. Learning about biophilic design and how it connects us with nature in urban spaces blew our minds. The idea of bringing the outdoors inside and creating harmonious, eco-friendly environments is a game-changer!

I just wanted to give a big shout-out to **Keat Ong 王胜杰** and **Dawn Lim** for your awesome insights at the design fair. Thanks for making the event so cool!

Each member brought their unique talents to the table and created magic together.

Can't wait for the next event to dive even deeper into the world of design with fellow enthusiasts! 🙌

Last week, I had the opportunity to visit **FIND - Design Fair Asia** in Marina Bay Sands Singapore to explore the latest trends and innovations, engage with fellow designers across Asia and also catching the design experts panel discussion. I am impressed with all of the products and brands exhibition which are not only aesthetics but really have a strong background story in each of their products.

As a young designer, I have a lot of questions about how to create a valuable and impactful design in our community not only to satisfied the client and company we work for. For that, I also thank for all the inspiring and humble speakers with their diverse design approaches that are really broaden my perspective.

Delighted to launch the Asia Pacific Interior Design Accreditation Programme (AP-ID-AP) as part of Furniture, Interiors, and Design (or FIND) Design Fair Asia 2023.

The AP-ID-AP is the first regional accreditation scheme for architects and interior design practitioners in the Asia Pacific region. Together with the Mutual Recognition Agreement (MRA) on Interior Design Services, this will facilitate greater mobility of interior design professionals within the Asia Pacific Space Designers Association (APSDA) and enhance exchange in the area of best practices, standards of interior design education, professional practices and qualifications. Heartiest congratulations to APSDA for spearheading this initiative!

I also had the opportunity to catch up with Singapore companies (more than 120 brands represented) as part of FIND Design Fair Asia. I am impressed by how their designs are not only aesthetically

TECKELL DISCOVERED AT FIND - DESIGN FAIR ASIA. The northern Italy company aimed in Singapore amongst other made-in-Italy designers in the Italian pavilion, organized by the Italian Trade Agency and designed by Stefano Borelli.

The green manufacturer's circular layout, inspired by the typical Italian piazza, was ideal for spontaneous conversations, one-to-ones, and football breaks. Yes, that's exactly what happened, just we were on a Sicilian piazza in the 1950s.

Industry professionals got a sampling of work like balance, Teckell-style, taking time to play on the Intervalle Special Edition, a hybrid football an... see more

I attended the **FIND - Design Fair Asia 2023** at the Marina Bay Sands Convention Centre on September 21st, this time as a visitor rather than an exhibitor, as I was last year to showcase huggu. It was a fantastic experience as usual, and I encountered numerous captivating innovations from around the world in the realm of design and furniture. One prevailing trend I observed among all the brands participating in the fair was a strong focus on sustainability! (you can see from the photos I took)

🌟 Exciting Moments at FIND Design Fair Asia 2023! 🌟

From September 21st to 23rd, 2023, we witnessed a vibrant showcase of contemporary design at **FIND - Design Fair Asia** held at Marina Bay Sands. The event left me spellbound, revealing the latest in innovation and inspiration across products, solutions, content, and features.

A heartfelt shoutout to **Raffles Design Institute** Singapore and **Rita Bonucchi**, for granting me the opportunity to be part of this incredible fair.

Amidst the event's splendid offerings, the Italian Design Futures Capsule at FIND truly shone, celebrating creativity, craftsmanship, and design brilliance from Italy. It was a pleasure collaborating with **Margherita Broggio** from **CREAZIONI DI COMO** by **Italian Textyle** brand, weaving together an array of exquisite furnishing textile products. Their expansive range, from quality household linens to intricate fabrics, showcased their dedication to sophistication.
